GRANT OF SECURITY INTEREST IN TRADEMARKS

GRANT OF SECURITY INTEREST IN TRADEMARKS (this “Trademark Security Agreement”), dated as of October 21, 2013, by the undersigned (collectively the “Grantors”), in favor of WELLS FARGO BANK, NATIONAL ASSOCIATION, as Secured Notes Collateral Agent, for the benefit of the holders of the Secured Obligations.

W I T N E S S E T H :

WHEREAS, reference is made to that certain Pledge and Security Agreement, dated as of October 21, 2013 (including all annexes or exhibits thereto, as from time to time amended, restated, supplemented or otherwise modified from time to time, the “Notes Security Agreement”) among ALLIED SPECIALTY VEHICLES, INC., a Delaware corporation, the other Grantors from time to time party thereto, and WELLS FARGO BANK, NATIONAL ASSOCIATION, as Secured Notes Collateral Agent.

Grantor(s) are required to execute and deliver to the Secured Notes Collateral Agent this Trademark Security Agreement for the benefit of the holders of the Secured Obligations.

NOW, THEREFORE, in consideration of the promises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor(s) hereby agree as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Notes Security Agreement.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.** Grantor(s) hereby grant to the Secured Notes Collateral Agent, for the benefit of the holders of the Secured Obligations, a security interest in and continuing lien on all of such Grantor’s right, title and interest in, to and under any Trademarks (collectively, the “Trademark Collateral”), along with all goodwill associated therewith, whether now owned or existing or hereafter acquired or arising and wherever located, including those Trademarks set forth in Schedule I, provided that no security interest therein is granted on any trademark applications filed on an intent-to-use basis in the United States Patent and Trademark Office to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity and enforceability of such intent-to-use trademark applications under applicable law.

3. **NOTES SECURITY AGREEMENT.** The security interests granted pursuant to this Trademark Security Agreement are granted in furtherance, and not in limitation of the security interests granted to the Secured Notes Collateral Agent, for the benefit of the holders of the Secured Obligations on behalf of itself and the other Secured Notes Secured Parties, pursuant to the Notes Security Agreement. Grantor(s) hereby acknowledge and affirm that the rights and remedies of Secured Notes Collateral Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Notes Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security

Agreement is deemed to conflict with the Notes Security Agreement, the provisions of the Notes Security Agreement shall control.

4. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.

5. TERMINATION OR RELEASE. This Trademark Security Agreement shall terminate and the security interests granted hereby shall be automatically released in accordance with the provisions listed in Section 10 of the Notes Security Agreement.

6. THIS TRADEMARK SECURITY AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

7. Notwithstanding anything to the contrary contained in this Trademark Security Agreement, the liens and security interests (and priority of such liens and security interests) granted to the Secured Notes Collateral Agent in any Collateral that constitutes Revolving Priority Collateral pursuant to this Trademark Security Agreement and the exercise of any right or remedy against the Revolving Priority Collateral by the Secured Notes Collateral Agent hereunder are subject to the limitations and provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor Agreement and the terms of this Trademark Security Agreement, the terms of the Intercreditor Agreement shall govern and control.
